

N Modem Router

Connect your wired and wireless desktop computer and notebooks to your Belkin N Wireless Modem Router to share your broadband internet access. Now you can quickly exchange documents, share resources, and distribute large video and music files throughout your network at a link rate of up to 300Mbps.* Our advanced security protects both your wireless and wired computers from hackers and intruders. You can add up to 16 computers to your wireless network with additional notebook and desktop adapters. For better wireless performance, use the Belkin N Wireless Modem Router with N Wireless Notebook and Desktop Cards connecting your client computers.
